1. Qualifying Series (Days 1, 2 and 3)

- 1.1 The fleet will be split into THREE groups of approximately equal numbers of boats. The Qualifying Series will consist of a maximum of TEN races and a minimum of FIVE races. Up to FOUR races are scheduled each day. If FIVE races have not been completed by all fleets by the end of Day 3, the Qualifying Series will continue.
If the minimum number of FIVE Qualifying Series races have been completed by all fleets by the end of racing on any day and some boats have more races scores than others, scores for the most recent races will be excluded when calculating their Qualifying Series scores.
- 1.2 The Organising Authority will make initial fleet assignments on the basis of the results at the 2013 World Championship. This ranking will remain in force until the end of the day during which the 2nd Qualifying Race is completed by all fleets.
- 1.3 If all fleets have completed the same number of races, boats will be reassigned to fleets on the basis of their Qualifying Series scores as detailed below. If all fleets have not completed the same number of races by the end of a day, and the minimum number of races has not been completed the fleets with fewer races will continue racing the following day until all fleets have completed the same number of races. However, the reassignments will be calculated for those races, numbered in order of completion, completed by all fleets. Reassignments will be made as follows:
