The NoR for the Junior Worlds 2015 will be available by end march 2015

THE AREA

Flensburg Fjord (Publikation authorized by Nautische Veröffentlichungen Verlagsgesellschaft mbH, Arnis)

Foto: Tourismus Zentrale Glücksburg

The Races will be sailed on the Inner-Flensburg Fjord. This area is one of the most beautiful to sail in. Formed during the ice-ages, the fjord reaches a length of 35 km between the Kalkgrund- Lighthouse in the east and Flensburg at its western end.

The peninsula Holnis divides the area into an inner- and an outer fjord, the middle of which marks the border between Denmark and Germany: the northern shore being Danish, the southern shore German.

The climate is warm- temperate. There is no tide or significant current of any kind. Nowadays there is hardly any commercial traffic on the fjord so that sailors remain undisturbed.

Up to 3 race courses are possible without any problems. Due to the special geographical situation the races can be perfectly followed by spectators from the German and the Danish coast.

Race Officers for the Junior Worlds 2015:

Claus Otto Hansen, (FSC), IRO

Claudia Langenhan, (NRV), IRO

Chairman of the International Jury:

Luigi Bertini, (Italy), IJ/IU

Event Measurer: Rob Taylor (GB), IM

THE CITY OF FLENSBURG

_Wolfgang_Pehlemann_Steinberg-Ostsee_IMG_6187

The ancient trading town of Flensburg has a very important maritime legacy. It is located in the uppermost north of Germany next to the Danish border. It about 90.000 inhabitants make it the third largest town in Schleswig-Holstein and the commercial heart of its hinterland serving more than 400.000 people, both German and Danish. Once the town was home port of one of the largest Danish merchant fleets. The ships set off for the Caribbean to return with a cargo of sugar canes, which were needed to produce rum. Flensburg's former reputation as "rum-town" dates back to that time. Its charming city is characterized by

beautifully restored historic buildings and warehouses from the 18th century that are a reminiscence of Flensburg's past glory. At night they come alive with a great mix of bars and restaurants meeting all kinds of different tastes. Sailing is a major leisure enjoyment for the Flensburg people which is reflected by the many harbours and marinas along the shores of the fjord as well as by the different maritime festivals and major regattas taking place here every year, for all kinds of boats from classic sailing boats to high- tech offshore racers, from optimist dinghies to skiffs and from merchant sailors to steam boats...

Tourismus- Information Glücksburg

THE CITY OF GLÜCKSBURG

Foto_Wolfgang_Pehlemann_IMG_6251

The FSC has its home port in Glücksburg, a small seaside resort 12 km east of Flensburg. 20 km of beaches, over 50 km of walking and about 90 km of biking trails along the wooded shores of the Flensburg Fjord attract visitors from all over the country. Especially for one of the biggest Triathlon events: the famous "Ostsee-man" with more than 1.500 participants always on 1. Sunday of August.

Glücksburg is also well known as the "cradle" of European aristocracy. The medieval Glücksburg Castle reminds of that time.

The Club

Founded in 1890 the Flensburger Segel-Club (FSC) is one of the oldest and most traditional yacht clubs in Germany with a long tradition in racing and cruising. In 2015 it will celebrate its 125th anniversary. The organization of the Junior World Championship for the 49er class would be one of the high-lights of this celebration. In cooperation with its neighbour, the Hanseatische Yachtschule, the FSC runs a beautiful marina which has been elected as the “most beautiful coastal marina in Germany” already twice. Throughout its history the club has not only produced many very successful regatta-sailors, it also gained a remarkable reputation as organizer of regional- and international regattas for all kinds of boats, from seagoing yachts to various Olympic and international

dinghy-classes. In 2010 the Club celebrated the 100th anniversary of its legendary “Flensburger Förde-Woche” which every autumn attracts many of Germany’s elite of offshore sailors to finish their season on the Flensburg Fjord. The “Flensburger Fördewoche” is a well established date in the German offshore racing calendar. On 7 days around 180 yachts with more than 1.000 sailors aboard compete in 9 different classes. One of the oldest and most prestigious prizes is the “Blue Ribbon” as well as the “Blue-Yellow - Ribbon”- for the fastest local boat and the fastest boat from outside. Since the mid 1990s the Swan Baltic Sea Challenge has also been carried out as part of the Fördewoche as well as the Catamaran Cup with more than 60 boats taking part.

VENUE FACILITIES:

picture: Ingvild Buchholz

The marina of Flensburger Segel-Club and Hanseatischer Yachtschule (HYS) is situated within a beautiful natural harbour site. The well proven cooperation with the HYS allows us to offer excellent facilities including two slips and launching ramps, cranes, managed by two harbour-masters. The large grounds with about 300 m waterfront and adjacent parking lots offer enough places for the boat park, trailer parking, shipping container storage and coach boat docking.

Security will be assured by the local DLRG (German Safeguard) Organization which entertains a specially trained race-group.

picture: Ingvild Buchholz

The FSC- Clubhouse has just recently been renovated and offers room for more than 200 guests. Ceremony facilities for opening and closing are available outside- as well inside the building. The “Kleine Bootshalle” is well known and legendary as party location after racing.

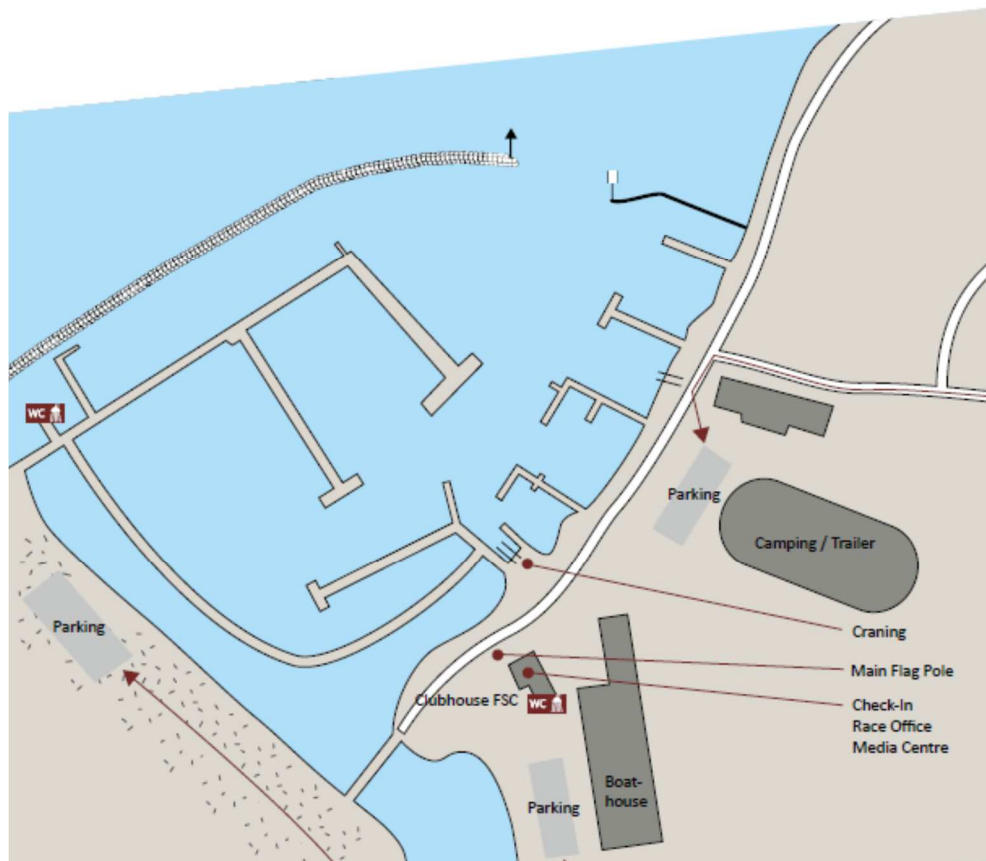

An excellent restaurant in the FSC- Clubhouse meets all needs concerning catering. Several chandlers are at hand in nearby Flensburg and will be represented on the sight. A supermarket is app. 1km away, a swimming hall with extended wellness facilities only 500 m, as well as a beach for swimming and different snack bars.

picture: Belinde Diethelm

The clubhouse hosts an extra room for the race-office, run by a very experienced crew. The Race-Organizing Team of the FSC is professionally trained. It consists of 40 steady members and many motivated volunteers if needed. Free W-LAN is available on the grounds. The FSC is attached to the “mange2sail.com” platform assuring fast availability of all information including results. Change rooms, for men and women separately, showers and toilets are attached to the club-house. Additional mobile toilet- and shower units will be installed during the championship.

HARBOR PLAN

How to get to Flensburg:

By air:

- Via Hamburg
- Via Billund (Denmark)
- Via Sonderburg (Denmark)
(small airport with regular connections to Copenhagen)

By road:

- from the south follow the A7
- Hamburg- Flbg. 160 km / 1 ½ hrs
- Kiel- Flbg. 87 km / 1 hrs.
- Sonderburg- Flbg. 42 km / 50 min.
- Kopenhagen- Flbg. 321 km / 3 hrs
- Frederikshavn- Flbg. 363 km / 4 hrs
- Lübeck/Trav.- Flbg. 179 km / 2 hrs
- Esbjerg-Flbg. 160 km / 1,5 hrs

By ferry:

- GB: Harwich-Esbjerg
- SF: Helsinki - Travemünde / 27h 00min
- N: Oslo -Kiel / 20h 00min
- S: Göteborg Kiel / 14h 00min
- Trelleborg -Travemünde / 07h 15min
