Where are we sailing and what are the Sailing Conditions?

The course area will be located in Corio Bay which is one of the premier locations for sailing in Australia. The Bay comprises an area approximately 4nm x 2nm of clear flat waters.

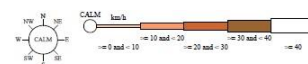

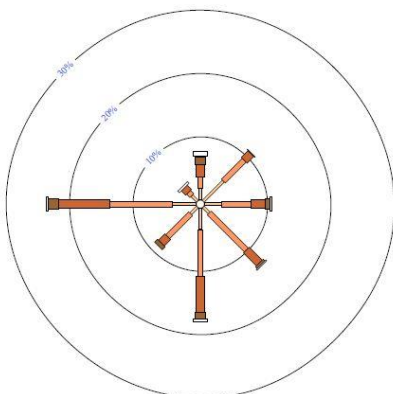

The predominant southerly sea breezes give the best possible sailing conditions. These reliable and consistent winds, combined with low swells and minimal tidal flow ensure that each race is a true contest of sailing skills.

Shipping channels within Corio Bay are clearly marked and will have minimal shipping movements during the race times.
