DERIGGING & PACKING on SUNDAY 10th

The purpose of this communication is to coordinate the derigging and loading of trailers in a smooth way.

These would be the steps to follow.

IF YOUR COACH BOAT COMES OUT WITH CRANE, Varadero/Shipyard gate will be open to move trailers inside:

Saturday 9/3 from 17.00 to 19.00 hrs.

Sunday 10/3 from 7.30 to 8.30 hrs.

Only at these times, cars will be allowed in the Marina Wall area to collect the trailers and into Sailing School area to drop them inside Varadero. At any other time, any trailer leaving the Marina Wall parking or entering the Sailing School area, will have to be moved by hand, human power, all the way out/into the boat parks.

IF YOUR COACH BOAT COMES OUT THROUGH THE RAMP, this will only be possible after medal races, once every boat is back from racing. It is very likely that the Sailing School Ramp will be operating earlier than the Marina Wall Ramp. The Marina Wall area will remain busy with wet podium, media and general race office activities.

On both sides, Marina Wall & Sailing School, car traffic will be absolutely restricted to make sure there is enough space for everyone to derig, load their trailers and manouver around safely.

Please make sure to follow instructions from Marina Rubicon & Dinghycoach staff.

Should you have any further questions on how to operate on Sunday, come around Dinghycoach office and we will be happy to guide you correctly.

Thank you very much!
